Position Announcement
Colorado State University
Department of Food Science and Human Nutrition

POSITION: Assistant Professor

DESCRIPTION: Tenure track, 9-month academic faculty position

POSITION SUMMARY: The Department of Food Science and Human Nutrition at Colorado State University (CSU) invites applications for an Assistant Professor. The 9-month tenure track appointment will begin on August 15, 2019. We are seeking PhD-level applicants with expertise in flavor chemistry, sensory science, fermentation and/or food quality and its relation to human health. Candidates with a research focus in an area of food science that aims to understand or improve the healthfulness or quality of foods and their components are encouraged to apply. Examples of potential areas of research include but are not limited to: the relationship among bioactive food components, food structure/matrix and human health; impact of foods and their components on sensory perception; microbial ecology as it relates to safety, sensory and health impacts of fermented foods/beverages; scientific and technological approaches to improve the acceptability, quality and bioavailability of foods and their components. The successful candidate is expected to establish a nationally recognized, externally funded research program, to integrate their research into existing Department and University priority areas, and to teach and mentor undergraduate and graduate students. The position will have outstanding department support, strong research infrastructure, and access to collaborative opportunities both within CSU and with Industry partners.

QUALIFICATIONS
Required job qualifications:

Ph.D. in food science, food microbiology or fermentation, or a closely related field

Postdoctoral experience or equivalent professional training

Grant writing experience and a demonstrated record of peer-reviewed publications of original research
